

NASA Earth Science Data Systems
Software Reuse Working Group
Peer-Recognition Software Reuse Award

Awards presented by:

Chris Mattmann, ESDS Software Reuse WG Chair

9th Earth Science Data Systems Working Group Meeting

New Orleans, LA

October 20–22, 2010

- Designed by the WG to recognize the contributions and achievements of those people and projects whose efforts in the area of software reuse further the work of NASA Earth science research.
- Awards are decided annually in early September.
- Number of awards given is based on the quality of the nominations received.
- Awards may be issued in any or all of three categories:
 - Contribution
 - Utilization
 - Peer Education
- Details about the award can be found in the process document on the portal web site at:
<http://www.esdswg.com/softwarereuse/Resources/awards/>

2010 NASA ESDS Software Reuse Award Recipients:

- Contribution Award Category: 1 recipient
 - **National Geophysical Data Center**, NOAA
Space Physics Interactive Database Resource (SPIDR)
- Utilization Award Category: 2 recipients
 - **GOES-R Algorithm WG**, NASA, NOAA, UAH, USRA, and UMD
Geostationary Lightning Mapper (GLM)
 - **GLIDER Software Team**, University of Alabama Huntsville
Globally Leveraged Integrated Data Explorer for Research (GLIDER)
- Peer Education Award Category: 1 recipient
 - **Dr. James J. Marshall**, INNOVIM / NASA GSFC
General peer-education; ESDS Software Reuse WG activities, publications and presentations

Congratulations!

and thank you for your efforts to better enable
and encourage software reuse within the
Earth science community
